ABOUT ME

As a second-year student, I am actively developing my expertise in informatics, focusing on data analysis and web development. My dedication to enhancing technical skills is complemented by my involvement in organizations and committees, where I have honed leadership, administration, and time management abilities. I am passionate about engaging in community activities that foster personal growth and provide opportunities to contribute meaningfully.

EDUCATION

Sepuluh Nopember Institute of Technology – Surabaya **August 2023 – present**
Informatics Undergraduate Program | GPA 3.71/4.00
- Teaching Assistant for Database System 2024.
- Actively participate in competitions related to my major: Satria Data, PKM, P2MW.
- Engaged in student organization and volunteering activities on campus: Schematics, TDC, etc.

RELEVANT PROJECTS

Badan Eksekutif Mahasiswa Fakultas Teknologi Kelautan (BEM FTK) Website **January 2025**
Frontend Developer **bemftk.com**
- Designed and developed the official BEM FTK website, ensuring an intuitive and responsive user interface.
- Collaborated with the backend team to integrate API functionalities and optimize website performance.
- Implemented frontend technologies (Next.js, Tailwind CSS) to enhance usability and accessibility.

Teach Code **March 2025**
IT/ Web Developer
- Designed, developed, and maintained the website, ensuring updates with announcements, activities, and programs.
- Conceptualized and implemented the website's layout and design for an engaging user experience.
- Utilized web technologies such as Node.js, WIX, and WordPress to build and optimize platform accessibility.

ORGANIZATION EXPERIENCE

Bayucaraka UAV Research Team
Staff of Administration Division **March 2024 – present**
